Interest in running for Board of Directors

As a long-time Kawartha Credit Union member and Peterborough resident, I know that Kawartha Credit Union has an important role to play in service of the communities where it operates. As a member of the Board of Directors, I would work to ensure that Kawartha Credit Union represents all demographics and communities it serves across Ontario.

With previous Board of Directors experience, I have the governance skills required to help ensure the organization is operating in a fair and transparent manner as well as ensure there is a strategic plan in place to provide clarity, guidance and focus on the work to be undertaken. Technology is changing the way we interact with Kawartha Credit Union on a daily basis. It is important that Kawartha Credit Union continues to move forward by increasing its technology offering while maintaining a safe and reliable service and also providing options for in-person and cash-based banking.
